Adult Day Employment Services

- Group Supported Employment (GSE)
- Individual Supported Employment (ISE)

Programs targeted for adults with disabilities to improve lives by giving adults personal competence and independence while helping the community.

ADULT DAY EMPLOYMENT SERVICES

This caring and compassionate program is designed to enrich the participant's quality of life by providing opportunities to experience adult roles and develop and exercise personal competence and independence.

Work gives everyone a sense of purpose: Group Supported Employment (GSE)

Individuals in GSE require daily support by an Easterseals job coach for training to ensure success on the job. We provide opportunities for paid employment on a supervised work crew that is integrated into local businesses.

What is a typical day in GSE?

Participants arrive at their job site and are greeted by the Direct Support Associate; belongings are put away and the participant signs in to start on the tasks. Our Easterseals Associates support the participant in multiple ways including assisting with tasks, directing and re-directing as necessary, working alongside when necessary, role modeling, and checking results to ensure work is up to the quality standards of the employer. Current job sites include: **USCGA Mailroom, USCGA Janitorial, Department of Corrections-Janitorial, State Archives Building, Van Block - Janitorial, Easterseals EnviroShred.**

Participant Testimonial

How Easterseals has enriched my life...

"I like to make money, learning about new life skills, the experience of learning new things. I really, really enjoy going to the Vet's Home in Rocky Hill to clean and do the in-house cleaning. Getting the Social Enterprise Employee of the Year award showed me that I will be doing well in the future." – Jarrell Williams

Jobs build self-esteem: Individual Supported Employment (ISE)

Individuals in ISE are hired directly by the employer. Our credentialed employment specialists work with the participant to transition them to their new job and assist them in focusing on the assigned duties. Our Employment Specialists/Job Coaches work alongside participants to pursue employment to match an individual's interests and abilities, fill out job applications and prepare for interviews, train them on required tasks, adjust, stabilize the individual in their new job environment, and provide ongoing support to both the employee and employer. As the employee becomes more independent in their new position, the employment specialist will continue to provide support as necessary to maintain job performance.
